	Comments			Did not use Bid Form or provide required submittals	*#4: There will be no charge if Elite is dispatched to redeem a vehicle that is being released from the YSO annex/YSO Compound to Elite.		
					*#7: Elite will give each registered owner without insurance a 50% discount on any recovered stolen vehicle. In addition to the discount Elite towing will also give 24 hours free of storage. *If the recovery date falls on a weekend or holiday, Elite will allow free storage until next regular business day.		
					*All vehicles that are impounded by YSO and taken to their Annex for investigation must be released back to Elite after the YSO investigation process is complete. According to the RCW & WAC codes that regulate a RTTO, if a tow is completed and taken to the Annex for investigation the registered owner is not liable for any charges. The vehicle must be released to the towing company and the charge for the secondary tow (from the Annex to the towing company) can only be held against the vehicle. If the vehicle is towed to the Annex for any reason and kept or released by YSO, YSO would then be responsible for all charges to that vehicle. * A RTTO cannot process paperwork and perform a release of a vehicle if they do not have the vehicle in their impound lot.
